

KIDS DAY INN FACTS FOR PARENTS

A TYPICAL DAY AT KDI

The children will spend time learning about God, singing songs, doing finger plays, creating simple crafts, making new friends, eating lunch together and exercising both body and mind. Growing and learning can take a lot of energy, so most children at the end of each session are ready for a quiet time when they get home.

OUR PHILOSOPHY

Each child is seen as unique and special, created in the image of God.

Our environment is supportive, nurturing, fun and positive.

We support child development through age-appropriate materials and programming.

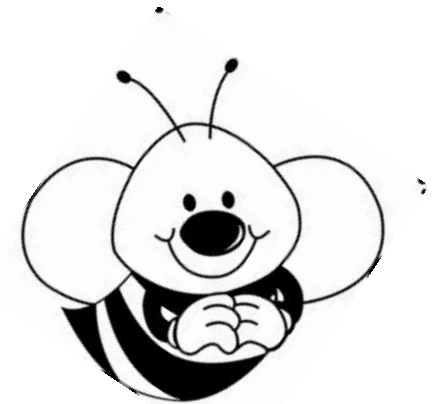

OUR GOALS

To encourage each child to accept and appreciate self and others.

To promote spiritual, social, emotional, mental and physical growth and development.

TUITION

Tuition is a yearly fee. This fee is divided into nine equal monthly payments for your convenience and is based on the total number of sessions for the school year. Tuition is due the first class period of each month. Please make checks payable to Kids Day Inn.
